Mr. Davud Khan of Mysore.
" Sivoji Rao of Yedatore.

1. This meeting was convened for the purpose of reviewing the administration of the funds during the past year (1893-94) in addition to transaction of current work.

The total income from all sources amounted to Rs. 57,103, as against Rs. 58,182 in the previous year. The balance at the end of last year was Rs. 47,873, making a total of Rs. 1,04,976, available for expenditure during the year. The details of actual expenditure for the last two months have not yet been furnished by the Comptroller's office. Taking the average figures of previous year, the aggregate expenditure stands at Rs. 48,292,

The following statements of receipts and expenditure were read and passed by the Board :— Statement No. 1, showing the receipt of one anna cess on Land Revenue amounting to Rs. 64,711. Statement No. 2, showing receipts from all sources amounting to Rs. 56,075. Statement No. 3, showing expenditure under civil charges amounting to Rs. 8,131. Statement No. 4, showing expenditure on works executed by Revenue Department amounting to Rs. 1,935. Statement No. 5, showing expenditure on works executed by Department, Public Works, amounting to Rs. 38,224.

2. With reference to Statement No. 1, the Board remarked that as compared with the figures of 1892-93, the collections in the Mysore, Nanjangud, and Gundlupet Taluks showed an increase, while there was a very serious decrease in the Yedatore Taluk, and smaller decreases in the Chamrajnagar and Hunsur Taluks. There was on the whole a short collection of Rs. 2,976.

Statement No. 2.—The receipts from sale of stray cattle exhibit an improvement of Rs. 701 noticeable chiefly in Hunsur, Nanjangud, and T. Narsipur. The fees levied on impounded cattle also showed better results. The ferry collections are less than in the previous year, being Rs. 387 below the receipts of last year. It is satisfactory to note that the sale of manure yielded Rs. 312-4-4 against Rs. 76-5-6 in the previous year, and the Amildars of Heggaddevankote and Gundlupet deserve credit for having sold the manure to such good advantage. A sum of Rs. 1,028-0-6, collected from tolls, lately established on the frontier roads, has been included under miscellaneous, but has to be refunded under recent Proceedings of Government. The President desired the Amildars to enquire into the reasons for the arrears, and submit an early report for orders.

3. In reviewing the details of expenditure under civil charges, the Board had not before them the monthly accounts from the Comptroller's office for the months of May and June 1894, and the amount of expenditure for the whole year could be judged of only approximately.

4. The expenditure under the several heads as compared with the previous year is as follows:—

		1892-93.	1893-94.
		Rs.	Rs.
I.	Civil charges	7,825	8,131
II.	Public works executed by Revenue Dept. ..	2,151	1,935
III.	Public works executed by D. P. W.	47,517	38,224
	Total .	57,493	48,290

As the expenditure for May and June is only approximate, there is no advantage to be gained by comparing the figures with those of the previous year. They will be commented upon in the administration report, which will be prepared later on.

5. Read Government Proceedings No. 20687-9—L. F. 13-93, dated 1st June 1894, remarking that every precaution should be taken not to exceed the Budget grant for feeding the in-patients in the Local Fund Dispensaries.

Resolved that the same be recorded for guidance.

6. Read Government Proceedings No. 21994-2200—L. F. 263-93, dated 18th June 1894, regarding explanation of members for their absence from meetings.

Recorded.

7. Read Government Proceedings No. 20998-21007—L. F. 295-92, dated 6th June 1894, directing that all tolls, collected on bridges and roads maintained by the District Funds, should be credited to those funds, and those collected on Provincial roads and bridges should be credited to Provincial Funds.

Recorded, with the remark that the Government should be requested to allot a portion of the collections to the District Funds, as the District roads act as feeders to Provincial roads.

8. Read Executive Engineer's docket No. 180—1783, dated 7th June 1894, proposing the marginally noted transfers in the District Fund Budget for 1893-94 to provide funds for the special repairs of Sagurahatti-Ramanathpur road.

Original Works.	Rs.
Balance under Reserve Grant ...	58
Repairs.	
Miscellaneous Public Improvements ..	300
Tools and Plant ...	40
Total.....	398

Resolved that the same be approved, and the sanction of the Government obtained therefor.

9. Read Government Proceedings No.23086-96—L. F. 63-93, dated 26th June 1894, observing that the cost of the lanonine lymph should until further orders be met from the same source from which the cost of the animal lymph was met previous to the introduction of lanoline paste.

Resolution.—Recorded.

10. Read Government Proceedings No. 1025-7—L. F. 20-93, dated 19th July 1894, transferring a sum of Rs. 1,500, from Rs. 3,000 sanctioned in G. O. No. 18716-8—L. F. 30-92, dated 4th May 1894, towards the cost of constructing a tunnel in Mysore,-Talkad-Sivasamudram road.

Resolution.—Recorded.

11. Read Yedatore Taluk Amildar's report, No. 888—911, dated 6th May 1894, requesting sanction for utilizing a sum of Rs. 111, sanctioned for sinking a well at Kestur Koppal, and for repairing a pond at the same place without any further cost to Government.

Resolved that the same be sanctioned, as the Amildar says that the pond would be more useful to the public and that a recommendation be submitted to Government accordingly.

12. Read report No. 59—73, dated 25th July 1894, soliciting sanction for a grant of Rs. 291 for completing the masonry work to a pond at Yerekadu near Hanasoga, the earthwork to the same having been executed by one Subbanna at his own cost.

Resolved that the same be sanctioned, on condition that the village road passing it is kept in good repair by the villagers.

13. Read report from the same Amildar, recommending an increase of pay of Re. 1 to the sweeper at the Inspection Lodge, on the ground that a servant could not be secured on the present pay of Rs. 5.

Resolved that the increase recommended by the Amildar be sanctioned, subject to the approval of Government.

14. Read report from the same Amildar, reporting that the sanitation of Yedatore is very bad, and requesting for a grant from District Funds or the Local Funds General to improve it, as the Municipality of Yedatore is too poor to do so.

Recorded, with the remark that the Board was not competent to sanction any funds from District Funds.

15. Mr. P. Panchanatha Rao reported that he was engaged in the trial of an important case. Mr. Davud Khan was absent from Mysore, and Mr. Sivoji Rao wrote to say that he was detained at Yedatore by private affairs. The explanations have been accepted.

16. The meeting began at 3 P. M. and closed at 5-10 P. M.

REVIEW FOR 1893-94.

RECEIPTS.

	1892-93.	1893-94.
One anna local cess on Land Revenue ..	.. Rs. 67,687.	Rs. 64,711.
		Difference.. —2,976.

The collections as compared with those of the previous year show a decrease of Rs. 2,976.

Statement No. 1.

The Taluk figures given below for both the years, show that the decrease is large in the Yedatore Taluk, being Rs. 2,363. This has not been explained by the Amildar, and he will be required to do so.

Statement No. 2.

The annexed Statement No. 2 exhibits Talukwar the amount of the several items making up the District Funds receipts, the 76 per cent of the one anna local cess being calculated upon the results shown in Statement No. 1.

The items of sale of stray cattle and fines for cattle trespass show an increase of revenue, while that derived from ferry collections shows a decrease.

The total receipts credited to the funds during the year under all heads amounted to Rs. 57,103, as against Rs. 58,182 in the previous year, showing a decrease of Rs. 1,079. Deducting, however, receipts from the amount of tolls, the net decrease is Rs. 2,107. With the unexpended balance of the Funds at the beginning of the official year, *viz.*, Rs. 47,873, as per Comptroller's Docket No... .. dated .. .. .., the total assets amounted to Rs. 1,04,976 against Rs. 1,05,886, which remained at the disposal of the Board during the previous year.

The budget grants for expenditure from the funds, and the actual outlay incurred during the year are as shown below :—

	Particulars.	Budget grant.	Outlay.	
		Rs.	Rs.	
1	Civil charges	10,183	8,131 (Approximate.)	2,052
2	Public works executed by the Revenue Department	4,500	1,936	2,564
3	Public works executed by Public Works Department	37,019	38,224	1,205 Excess.
4	Sanitary and Conservancy charges	3,900	650	3,250
5	Works executed by the Revenue Department from the Local Funds General	9,000	1,820	7,180

EXPENDITURE.

(*a*) *Civil charges.*—The expenditure under Civil charges (*vide* Statement No. 3) during the year has yet been only partially ascertained, the details for the months of May and June 1894 not having been received from the Comptroller's Office. The expenditure for the ten months from July 1893 to April 1894 amounted to Rs. 6,893 ; and for purposes of review, the charges for the last two months have been taken at Rs. 1,348, being the average rate as shown in Statement No. 2. Hence the expenditure shown as Rs. 8,131 is only approximate.

(*b*) *Conservancy and Sanitation.*—Rs. 3,900 was sanctioned in the budget for expenditure under this head. But only a sum of Rs. 555 has been actually spent to the end of the year, as follows :—

Rs. 334 on improving the drainage, &c., in the towns of Talkad and Bannur, Rs. 21 on improving the sanitation at Periyapatam, and Rs. 200 for constructing a cholera shed at Hinkal near Mysore. A sum of Rs. 25 was also sanctioned for removing prickly-pear in the Gundlupet Taluk, but no report has been received of the work having been taken in hand. A sum of Rs. 100 was advanced to the Amildar for the creeper plantation at Talkad. The creeper plants are reported to be thriving, and the experiment has proved a complete success.

Expenditure on works executed by Revenue Department.—The works undertaken by the Revenue Department are chiefly well works, repairs of drinking water kattes, and the construction of cattle pounds.

A provision of Rs. 4,000 was sanctioned by Government for well works, and Rs. 500 for constructing cattle pounds.

The Statement (No. 4) appended shows the sanctioned works.

The total outlay incurred on well works was Rs. 1,628, while that on the construction of cattle pounds amounted to Rs. 308. It is to be noted that the marginally noted works were carrried out, but they were not fully paid for and brought to accounts, owing to the non-receipt of completion bills before the close of the year, though advances were made for each of them within imprest limit.

Mysore Taluk.	Rs.
Sinking a well at Jantagahalli ...	150
Ditto at	150
Ditto at Mudluhundi ...	156
Total	456

A sum of Rs. 9,000 was sanctioned by Government from the Local Funds General for sinking wells, &c. Out of this grant, a sum of Rs. 1,820 only was spent (*vide* Statement No. 4 B) during the year, leaving a large savings. The marginally noted three well works sanctioned from this fund were, however executed, but not fully paid for before the close of the year, owing to non-receipt of completion bills.

Mysore Taluk.	Rs.
Sinking a well at Tukkadi Madainhundi	156
Ditto at Alanhalli ..	156
Ditto at Mandakalli ...	156
Total	468

The annexed Statement (No. B) furnished by the Executive Engineer shows that a sum of Rs. 38,224 has been expended against the budget grant of Rs. 37,019 as per details given below :—

Particulars.	Grant.	Expenditure.
	Rs.	Rs.
Original works	10,000	12,091
Repairs	20,175	19,862
Establishment	6,784	6,205
Tools and Plant	60	67
Total...	37,019	28,225

The excess of Rs. 2,091 over the grant for original works has been explained by the Executive Engineer as being due to the execution of the works at a speedy rate, so that more progress than was at first anticipated has been achieved. The maintenance and repairs of roads have been carried on at the usual rates, but no completion reports have been furnished in any case. The establishment charges have been calculated as in the previous year at the rate of 20 per cent on the amount of expenditure incurred for works during the year. The expenditure under the several heads may be summarized as follows as compared with the previous year :—

Particulars.	1892-93.	1893-94.
	Rs.	Rs.
Civil charges..	7,825	8,131
Works executed by the Revenue Department from the District Funds including sanitation ..	1,209	1,936
Ditto by Public Works Department ..	47,517	38,225
Total...	16,551	48,292
		—8,259

The financial results of the administration of the Funds during the year are as follow :—

	Rs.
Total income	1,04,976
Total expenditure	48,292
Closing balance	56,684
